

Department of Veterans Affairs

801.670-3

(c) In the administration of research and development contracts, any representative appointed under this section must be acceptable to the contracting officer and the head of the organization concerned.

(d) When the contracting officer intends to designate a representative under this section for a particular solicitation or contract, the contracting officer must include the clause in 852.270-1, Representatives of contracting officers, in the solicitation and contract.

801.603-71 Representatives of contracting officers; receipt of equipment, supplies, and nonpersonal services.

(a) Without prior notification to the contractor or vendor, the contracting officer may designate other competent personnel, i.e., COTRs, to represent him or her to receive and inspect supplies, equipment and services at a VA facility. The COTRs may perform duties, as specified by the contracting officer, such as, but not limited to, the following:

(1) Inspect and certify compliance with the quality and quantity requirements of the purchase order or contract.

(2) Inspect supplies and equipment for condition and quantity and accept supplies, equipment, and services, based on quality inspection made by another authorized representative.

(b) The Director, Library Services, VA Central Office, and the Chief, Library Service, at a field facility may act as representatives of the contracting officer to receive, inspect and accept library books, newspapers, and periodicals. Purchase documents will specify that delivery will be made directly to the library.

801.670 Special and limited delegation.

The authority vested in the Secretary to execute, award, and administer a contract, purchase order, or other agreement for the expenditure of funds to acquire the specific services set forth in 801.670-1 through 801.670-4 is delegated to the SPE. The SPE further delegates this authority to the DSPE and to employees appointed or

designated to the positions specified in those sections.

801.670-1 Issuing bills of lading.

The authority to issue bills of lading previously contained in this section is rescinded. Except for individual small package shipments (e.g., United Parcel Service, Federal Express, or United States Postal Service small package shipments), no VA employee may issue a bill of lading or otherwise procure transportation services for goods unless the employee has been delegated authority to do so as a warranted contracting officer under the VA Contracting Officer Certification Program (ref. 801.690). All transportation services for goods, other than for small package shipments, require a bill of lading. Except for individual small package shipments, individuals with only micro-purchase authority may not issue bills of lading or otherwise procure transportation services. The dollar value of the bill of lading issued or transportation services acquired must not exceed the delegated authority of the contracting officer. Candidates for appointment as transportation contracting officers whose delegated authority will be limited to the acquisition of transportation services for goods only shall comply with the Education, Experience, and Training requirements, if any, in Part 102-117 of title 41 Code of Federal Regulations, the Federal Management Regulation, rather than the requirements in 801.690.

801.670-3 Medical, dental, and ancillary service.

(a) When medical, dental, and ancillary services under \$10,000 per authorization are not available from an existing contract or agreement, the following VA officials at VA medical facilities may authorize these services:

(1) The Chief of Staff and the physician assigned the responsibility for the ambulatory care function.

(2) Chief, Medical Administration Service, or the person designated by the facility director to perform medical administration functions.

(b) Forms specified in Part 853 shall be used for ordering services under this paragraph from existing contracts.
